Independent Auditor's Report on Review of Interim Financial Information To the Shareholders of SE-EDUCATION PUBLIC COMPANY LIMITED

I have reviewed the accompanying consolidated statement of financial position of SE-EDUCATION PUBLIC COMPANY LIMITED and its subsidiaries as at 30 September 2016, and the related consolidated statements of income and comprehensive income for the three-month and nine-month periods ended 30 September 2016, and the consolidated statements of changes in shareholders' equity and cash flows for the nine-month period then ended, as well as the condensed notes to the consolidated financial statements. I have also reviewed the separate financial information of SE-EDUCATION PUBLIC COMPANY LIMITED for the same period. Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*. My responsibility is to express a conclusion on this interim financial information based on my review.

Scope of Review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*.

However, the Company has presented the statements of financial position, income statement, comprehensive income, changes in shareholders' equity, and cash flows in the same format as that สูเล็ดยูเคยัน อากล used for the annual financial statements.

The interim financial statements are intended to provide information additional to that included in the latest annual financial statements. Accordingly, they focus on new activities, events and circumstances so as not to duplicate information previously reported. These interim financial statements should therefore be read in conjunction with the latest annual financial statements.

The interim financial statements in Thai language are the official statutory financial statements of the Company. The interim financial statements in English language have been translated from the Thai language financial statements.

The adoption of these financial reporting standards does not have any significant impact on the Company's and its subsidiaries' financial statements
