SE-EDUCATION PUBLIC COMPANY LIMITED and its subsidiaries Review report and interim financial statements For the three-month and nine-month periods ended 30 September 2018

Independent Auditor's Report on Review of Interim Financial Information

To the Shareholders of SE-EDUCATION PUBLIC COMPANY LIMITED

I have reviewed the accompanying consolidated statement of financial position of SE-EDUCATION PUBLIC COMPANY LIMITED and its subsidiaries as at 30 September 2018, the related consolidated statements of income and comprehensive income for the three-month and nine-month periods end 30 September 2018, and the consolidated statements of changes in shareholders' equity and cash flows for the nine-month period then ended, as well as the condensed notes to the consolidated financial statements. I have also reviewed the separate financial information of SE-EDUCATION PUBLIC COMPANY LIMITED for the same period. Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*. My responsibility is to express a conclusion on this interim financial information based on my review.

Scope of Review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, *Review* of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*.

Notes to interim financial statements

For the three-month and nine-month periods ended 30 September 2018

1. General information

1.1 Corporate information

SE-EDUCATION PUBLIC COMPANY LIMITED ("the Company") is a public company incorporated and domiciled in Thailand. The Company listed on the Stock Exchange of Thailand on 29 April 1993. The Company's registered office is located at No. 1858/87-90, Bangna-Trad Road, Bangna Sub-District, Bangna District, Bangkok. Its distribution center is situated at 118 Moo 1, Tambon Sisa Chorakhe Yai, Bang Sao Tong District, Samutprakarn.

The Company and its subsidiaries operate their businesses in Thailand and are authorised to engage in the following:

- 1. Operate bookstores which consist of SE-ED Book Center and network stores and various university bookstores in Bangkok and other provinces as well as the network and sales area in various forms.
- 2. Distribute books for both published by SE-ED and other publishers to bookstores all over the country and to other sales channels.

- 5. Plearnpattana School, which operates a private school offering courses for students from pre-kindergarten to Matayom 6.
- 6. BaesLab Co., Ltd. (subsidiary), which operates in consulting, provision and distribution of software and hardware business.

1.2 Basis for preparation of the interim financial statements

These interim financial statements are prepared in accordance with Thai Accounting Standard No. 34 (revised 2017) Interim Financial Reporting, with the Company choosing to present condensed interim financial statements. However, the Company has presented the statements of financial position, income, comprehensive income, changes in shareholders' equity, and cash flows in the same format as that used for the annual financial statements.

The interim financial statements are intended to provide information additional to that included in the latest annual financial statements. Accordingly, they focus on new activities, events and circumstances so as not to duplicate information previously reported. These interim financial statements should therefore be read in conjunction with the latest annual financial statements.

The interim financial statements in Thai language are the official statutory financial statements of the Company. The interim financial statements in English language have been translated from the Thai language financial statements.

1.3 Basis of consolidation

These consolidated interim financial statements are prepared by applying the same basis as that applied for the preparation of the consolidated financial statements for the year ended 31 December 2017, with there being no changes in the structure of shareholding in subsidiaries during the current period.

1.4 New financial reporting standards

(a) Financial reporting standards that became effective in the current year

During the period, the Company and its subsidiaries have adopted the revised financial reporting standards and interpretations (revised 2017) which are effective for fiscal years beginning on or after 1 January 2018. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes and clarifications directed towards disclosures in the notes to financial statements. The adoption of these financial reporting standards does not have any significant impact on the Company and its subsidiaries' financial statements.

(b) Financial reporting standards that will become effective in the future

During the period, the Federation of Accounting Professions issued the financial reporting standard TFRS 15 Revenue from Contracts with Customers, which is effective for fiscal years beginning on or after 1 January 2019 and a set of 5 standards related to financial instruments, which are effective for fiscal years beginning on or after 1 January 2020. Key principles of these standards are summarized below.

TFRS 15 Revenue from Contracts with Customers

TFRS 15 supersedes TAS 11 Construction Contracts and TAS 18 Revenue, together with related Interpretations. Entities are to apply this standard to all contracts with customers unless those contracts fall within the scope of other standards. The standard establishes a five-step model to account for revenue arising from contracts with customers, with revenue being recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The standard requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model.

The management of the Company and its subsidiaries is currently evaluating the impact of this standard to the financial statements in the year when it is adopted.

Thai Financial Reporting Standards related to financial instruments

The set of TFRSs related to financial instruments consists of five accounting standards and interpretations, as follows:

Financial reporting standards:

TFRS 9	Financial Instruments
TFRS 7	Financial Instruments: Disclosures

Accounting standard:

TAS 32 Financial Instruments: Presentation

Financial Reporting Standard Interpretations:

TFRIC 16	Hedges of a Net Investment in a Foreign Operation
TFRIC 19	Extinguishing Financial Liabilities with Equity Instruments

These TFRSs related to financial instruments make stipulations relating to the classification of financial instruments and their measurement at fair value or amortised cost (taking into account the type of instrument, the characteristics of the contractual cash flows and the Company's business model), calculation of impairment using the expected credit loss method, and hedge accounting. These include stipulations regarding the presentation and disclosure of financial instruments. When the TFRSs related to financial instruments are effective, some accounting standards, interpretations and guidance which are currently effective will be cancelled.

The management of the Company and its subsidiaries is currently evaluating the impact of these standards to the financial statements in the year when they are adopted.

1.5 Significant accounting policies

The interim financial statements are prepared using the same accounting policies and methods of computation as were used for the financial statements for the year ended 31 December 2017.

The loan agreements contain covenants as specified in the agreements that, among other things, require the Company to maintain certain gearing and debt service coverage ratios specified in the agreements.

On 11 April 2017, the Company entered into loan agreements and combined credit line agreement with a commercial bank to obtain long-term loan facilities and credit lines totalling Baht 525 million. The loans are secured by the mortgage of land and constructions thereon.

On 28 April 2017, the Company mortgaged the land and constructions thereon where the distribution center is situated to secure any debts or burdens that already exist or to arise under such agreements.

The Company had entered into an Interest Rate Swap Transaction Agreement with the a bank covering these loan amounts, whereby a rate stipulated in the agreement is to be swapped at a floating rate plus stipulated rate as discussed in Note 24.5.

As at 31 December 2017, the Company was unable to maintain certain financial ratios covenanted under the loan agreement (unrelated to principal and interest payment). The Company therefore presented the balance of this loan as at 31 December 2017 as current liability to comply with the generally accepted accounting standards. Subsequently, on 19 February 2018, the Company received an approval of waiver on non-compliance for the 2017 operations. The Company therefore classified the loan balances as at 30 September 2018 as non-current liabilities in the statement of financial position.

20. Income tax

Interim corporate income tax was calculated on profit before income tax for the period, using the estimated effective tax rate for the year.

Income tax expenses (revenues) for the three-month and nine-month periods ended 30 September 2018 and 2017 are made up as follows:

26. Fair value of financial instruments

The Company and its subsidiary use the market approach to measure their assets and liabilities that are required to be measured at fair value by relevant financial reporting standards, except that the cost approach or income approach is used when there is no active market or when a quoted market price is not available.

Fair value hierarchy

In applying the above-mentioned valuation techniques, the Company and its subsidiary endeavor to use relevant observable inputs as much as possible. TFRS 13 Fair Value Measurement establishes a fair value hierarchy categorising such inputs into three levels as follows:

- Level 1 Use of quoted market prices in an observable active market for such assets or liabilities
- Level 2 Use of other observable inputs for such assets or liabilities, whether directly or indirectly
- Level 3 Use of unobservable inputs such as estimates of future cash flows

As of 30 September 2018 and 31 December 2017, the Company and its subsidiary had the following assets that were measured at fair value using different levels of inputs as follows:
